During 1969 the Town of Hinsdale lost one of its most valuable citizens in the person of Guy X. Bouchie, Jr. Guy joined the Fire Department in 1950 and became the Chief in March of 1967. He served the department efficiently and faithfully over all of the time he was connected with it.

He is greatly missed from the Main Street scene as he was also in business with his father, the garage and filling station of Guy X. Bouchie and Son.

## HINSDALE PUBLIC HEALTH NURSING ASSOCIATION

The following is a report of the activities of the Service from January 1, 1969 to December 31, 1969.

Home and Office Visits - 902 School Children attended - 772

The Nursing Association continues to function as a separate unit. Meetings are held regularly in the office at the Elementary School and considerable effort has been made by the officers and members to maintain the Agency in a manner that meets Medicare requirements for participation and certification.

During the year physical examinations were conducted by Dr. John Houpis, school physician, assisted by the nurse. A total of 353 examinations were done.

Vision screening tests were done on 844 pupils and hearing tests on 218 pupils.

In June, an immunization clinic was held for children in kindergarten, first, and second grades. A total of 76 were done. This is done through the N. H. Public Health Program with Dr. Houpis the attending physician. In March, 53 skin tests for Tuberculosis were done. A dental hygienist from the N. H. State Dental Program spent two days in November explaining Dental Hygiene to children in the Elementary School. The nurse participated in the Head Start Program at the Elementary School in July and August.

I wish to thank those who have helped during the year.

Respectfully submitted,  
(Mrs.) Bertha C. Bradbury, R.N.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

## FOREST FIRE WARDEN AND DISTRICT CHIEF'S REPORT, Cont'd

## Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

## Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it, the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

The playground Committee would like to thank the townspeople who helped make our Fourth of July Celebration and Auction a success, also a special thanks to the Fire and Police Departments and other town officials.

The simming pool was completly overhauled at a cost of \$2,488.00 of which \$1,500.00 was appropriated by the Town. Two new lavatories were installed in the bath houses, a filter and a new six-foot fence was installed around the pool at a total cost of \$3,200.00.

Day Camp was opened during the summer months under the direction of Miss Cindy Stanclift. Plans are underway to remodel the field house and for repairs and painting of all buildings on the grounds.

Hinsdale Little League will be self-supporting.

Joseph DeAngelis  
Treasurer

## REPORT OF SWIMMING POOL COMMITTEE

The playground committee, acting as swimming pool committee, for the purpose of carrying out the town's request to repair the present swimming pool and to investigate the cost of constructing a larger pool, wish to report the following:

The sum of \$1,500.00 was appropriated at the town meeting by interested citizens. The cost of renovation was \$2488.00. Also, a reconditioned filter had to be purchased for the sum of \$326.25, plus a new fence of proper height for the sum of \$634.69.

No definite bids for a larger pool have been received, but unofficial estimates for a community-type pool with all necessary equipment, such as the swimming pool at Memorial Park in Brattleboro, would exceed \$100,000.00, plus yearly operating cost.

Committee

### Administrators' Report

In order to spare the reader unnecessary duplication, this report will combine, for the first time, the reports of the principals and superintendent. It presents the views of those who administer our schools along with those who are professionally involved in the education process. It suggests ways in which our schools can be strengthened so that they will meet the requirements of this age. It attempts to explain and set forth goals for improving the educational program. It urges support by all of our citizens to meet these goals.

No social activity is more important than education. It is right and necessary that we should expend great effort and resources in order that our young people shall have the opportunity for the years of formal educational experience required to enable him to live a rich and fruitful life. It is right, too, that we should take stock of our educational achievements from time to time, and that we should measure them honestly and objectively against our ideals and ambitions.

### Staff

Mrs. Ann Rogers, a graduate of Keene State College, joined us in September as a teacher in Grade 1.

Miss Joanne Osborn, a graduate of Chico State College in California, became our special education teacher this fall.

Due to the large class size in Grade 6, Miss Patricia Dailey, a graduate of Chico State College became a teacher aide to assist the sixth grade teachers in their work.

Mrs. Beatrice Ryan, a graduate of Nasson College in Maine, joined our staff in January, 1970 as a teacher in Grade 4.

### Guidance

During the 1968-69 school year in an effort to better use the services provided at the Monadnock Children's Center to assist in solving the learning problems of our students, an arrangement was made with the Center to provide a psychologist and an educational specialist for one day each month to meet with the school principal, reading teacher, school nurse and classroom teachers to consider the causes and possible remedies for individual children with learning problems. This experience proved to be beneficial and during this school year the process has been further refined. The pupil personnel team now is the focal point in our program of providing guidance to both boys and girls and teachers in solving learning and behavior problems in our school.

### Curriculum

A new approach to our special education program was introduced after study and consultation with the Monadnock Center personnel and the consultant in special education of the State Department of Education. All students are now assigned to regular classes and those needing additional assistance in overcoming learning and behavior problems are worked with by Miss Osborn in our Learning Center at scheduled times during the week. In this manner we have been able to work with a larger number of students. Presently Mr. Arthur Jillette, Special Education Consultant, State Department of Education, is working with Miss Osborn and Mr. Gallagher in evaluating and refining this program.

### Speech Therapy

Title I monies have enabled us to provide additional assistance to children with speech problems by providing for some needed equipment and supplies and the part-time assistance of Mrs. Hazel Rubeor to assist the speech therapist, Miss Ann Mawson, from the Children's Center.

### Curriculum

In the past three or four years a great deal of progress has been made in unifying and updating the entire English program at Hinsdale.

First, new approaches to English study have been introduced which have unified the entire program and also have provided a transition from elementary to high school. The Robert's English Series begins in grade three and continues through grade nine. This program is fully implemented in grades three, four, and seven. Next year, grades five and eight will be added; and finally, grades six and nine will be added the following year. We have also continued to use the Scott, Foresman Reading Series in both the elementary and high school levels (through grade eight).

Second, we have added new programs to the existing English program which have given us more flexibility in handling students who are in

nonacademic programs. This year, for example, the senior nonacademic class has experimented in film making. The result is not an MGM production, but it has proven to be a highly successful educational venture for these students. The other nonacademic English classes are using an activity-concept English program from Scott, Foresman Company. This is a complete English program consisting of literature, reading, grammar, writing, and vocabulary. One of the highlights of this program is its construction projects which require a reading knowledge in order for the student to complete the project. Again, this program has completely proven its worth.

With the inclusion of a Humanities elective in our English Curriculum next year, we feel that our college English program will be broad enough to meet the needs of our college bound students.

Future guidelines for English programs at Hinsdale will be geared toward the nonacademic student until sufficient materials have been gathered to implement a complete English program in literature, grammar, reading, writing, and vocabulary.

#### Buildings and Budgets

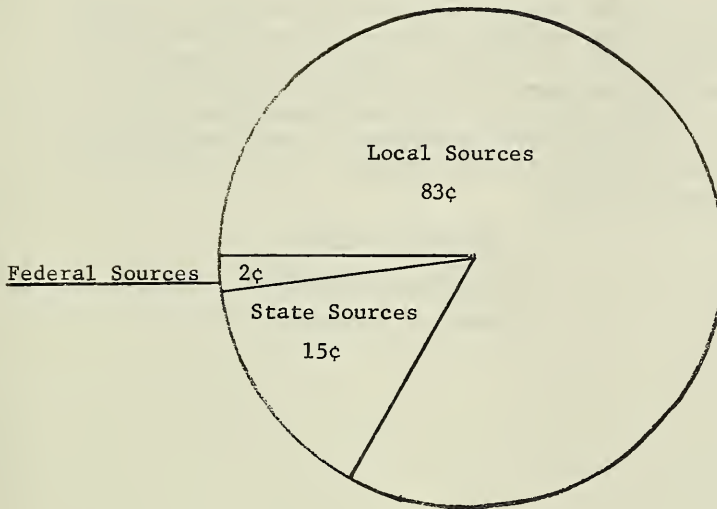

The budget proposed by the School Board for the 1970-71 school year will require a sizable tax effort. It reflects, however, the wishes of the Hinsdale citizens as determined by their action taken at the last school district meeting.

Debt service and instructional salaries are responsible for most of the budget increase. We must pay for the additions to the elementary and secondary buildings which would not have been necessary were it not for increasing enrollments requiring additional staff. As a matter of fact, four classrooms were eliminated from the high school addition due to limited borrowing capacity at the time the bond issue was voted. These classrooms are still needed.

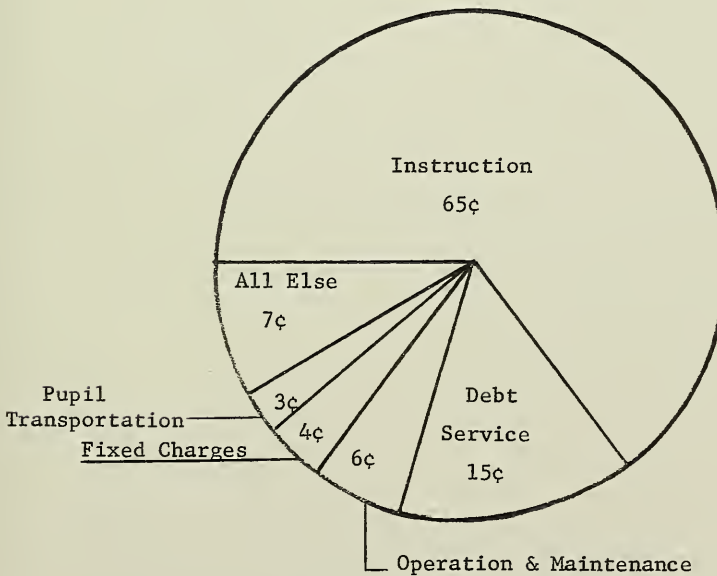

The illustrations which follow show where the money needed to support the schools in 1970-71 will come from, and how the budget dollar will be spent.

## Receipts

## Expenditures

We ought not speak of our educational tasks solely in terms of buildings or budgets or even curricula. These, indeed are necessary means to the end. But we must think of the end itself. That is, to introduce to the growing child and the young adult to the most essential elements of the intellectual and cultural experience of previous generations; to do this in such a way that we encourage each individual to look forward, not backward, to develop his own talents to their maximum, and to continue this development throughout his life.
